Space & Naval Warfare Systems Command Awards Contract

SAN DIEGO -- General Dynamics Advanced Technology Systems of Greensboro, N.C., is being awarded a \$14,703,356 cost plus fixed fee contract for Engineering services for the installation, maintenance, and repair of Fixed Surveillance Systems (FSS). FSS consists of passive undersea surveillance systems such as Sound Surveillance Systems (SOSUS), Fixed Distributed Systems (FDS), Shore Signal Processing System Segment (SSIPS) and the Surveillance Direction System (SDS). Period of Performance for the base period shall commence 1 October 1997 through 30 September 1998. This contract contains two one-year options which, if exercised, will bring the total cumulative value of the contract to \$45,204,003 (total dollar amount including options). The contract will initially be incrementally funded with FY98 OMN in the amount of \$703,000; FY98 OPN in the amount of \$2,978,000; and FMS funds in the amount of \$8,323,409. This contract was procured on a sole source basis under the authority of FAR 6.302-1, only one known responsible source. The Space and Naval Warfare Systems Command, San Diego, is the contracting activity (N00039-98-C-0001).
